Re: Hexcel Corporation
Lodi, New Jersey
Termination of NJPDES Permit
Permit No. NJ0081507
Our File No. 03527.17140

Dear Mr. Carscadden:

This is to confirm our conversation of July 29, 1993 regarding the above-referenced matter. It is my understanding from our discussion that you have confirmed that the Passaic Valley Sewerage Commissioners ("PVSC") does not require that the Hexcel facility maintain a licensed treatment operator. You have further confirmed that this was a requirement of the State NJPDES Permit, and that the PVSC does not have an independent requirement that such an individual be maintained at the facility.

Based on our discussion and based on the termination of the NJPDES Permit, it is my understanding that Hexcel is now no longer required to maintain the services of the licensed treatment operator.
